### Bluetooth Pairing Instructions

Using Bluetooth for the first time, you need to pair your mobile phone or MP3 player with the headphones.

Step 1: Long press Multifunction Button (B) until the red and blue LEDs blink alternately

Step 2: Activate your mobile phone or MP3 player's bluetooth function, then search for "new device". When the device detects the headphones (1 2), please pair and connect by using the pass code "0000".

In the music playing mode, when there is an incoming call, this will automatically switch to telephone mode.

### Charging the battery

1. Insert USB charging cable into USB port of your computer.
2. Connect charging cable with the micro USB charging port of headphone
3. When the light is on, the headphone is charging
4. When the light is off, the headphone is fully charged.

### Function Control

A = Volume Up (Long Press) / Skip to next song (Short Press).

B = On/Off Switch / Multifunction Button: Pause, Play, Answer Calls

C = Volume Down (Long Press) / Skip to next song (Short Press).

### Detachable In-Ear Grip Tip

Remains comfortably and securely in place while listening to your music.

You can remove the In-Ear Grip trough the front of the headphones for your convenience.
